

AmpliCare™

MIX WELL
BEFORE USE

ACT 36, 1947 K8134

0.22.33. (55)

High analysis liquid concentrate of slow release phosphorus and potassium. Foliar application in MATURE REPRODUCTIVE STAGE. Enhance a long lasting energy supply in plants.

Phosphate	(P)	220	g/kg
Potassium	(K)	330	g/kg
Zinc	(Zn)	4	g/kg

APPLICATION GUIDE: Apply through Boomspray, aerial or overhead irrigation. DO NOT apply when conditions are extremely hot. Best applied in temperatures in the range of 5 – 25°C.

MIXING INSTRUCTIONS

1. Do not apply as a concentrate with other chemicals.
2. Half fill tank to the required volume with water.
3. Add the required amount of **AmpliCare™**.
4. Add appropriate amount of non-ionic wetting agent as per manufacturer's instructions.
5. Fill the remainder of tank with water and maintain agitation.

STORAGE

DO NOT STORE product in direct sunlight.

DO NOT STORE product in temperature below 5°C or above 30°C.

DO NOT STORE DIRECTLY ON FLOOR, product to be raised from ground with pallettes.

COMPATIBILITY

Product is compatible with majority of agro chemicals, please check with the manufacturer. Please be aware that physical compatibility does not guarantee efficacy. Jar test before use.

CONDITIONS OF SALE

These goods are manufactured and tested to specific standards and sold in good faith, however, no guarantee is given due to the failure by the user to follow the labels instructions or to the occurrence of conditions, which could not have been foreseen in terms of the registration.
